## About This Game

Soundodger+ combines the twitchiness of bullet hell shooters with the sonic thrills of rhythm games to create a wholly unique experience. Studio Bean has updated the original Adult Swim Games title with all-new tracks, controller support, and a fully-featured level editor. Plus, auto-generate stages from your own music library!

### Update! March 6, 2017

- 19 new tracks in the third free DLC update, all choreographed by the community!
- New bullet type: "hug" - touch it before it leaves the arena
- Folder support added for User Levels
- Many bugs fixed throughout game and Editor
- Many features added to Editor
- See [update news](#) for more info

### Update! October 13, 2014

- 6 new music tracks (see below for full track list)

- 
- Steam Trading Cards support

## **Update! March 7, 2014**

- 6 new music tracks (see below for full track list)
- Smooth Listening Mode: play for score without audio penalties when getting hit
- Larger window sizes added: press F3 when in windowed mode to cycle between them

## **Key Features**

- 35 music tracks, over half new to the Steam edition
- Artists include celebrated game musicians Disasterpeace (FEZ, Runner2), Danny Baranowsky (The Binding of Isaac) and more
- Auto-generate levels in a snap using your personal music collection
- Create and share original levels using the all-new level editor
- Engage slo-mo for the trickiest sequences, or embark on a risk-free musical journey in Zen mode
